## *From the Pastor's Heart*

We welcome Matthew McVay, Emily, and their dear family with us today in Julian's absence. The McVay's are no strangers to us, and we are glad to have them back to lead us in worship. Please welcome this sweet family.

Tonight in worship, we will have our church conference. May I appeal to our church family to come to worship this evening and share in the time of hearing from our different teams and the various ministries of our fellowship. So many times, we think of this as just a business meeting, yet it is so much more. Come and join us, and then step into the fellowship hall after worship and enjoy a time of fellowship. This is one of the several times in the year planned by Mrs. Susan for the church family to get together and just share food and fellowship together. Bring your favorite finger foods, and enjoy a time with your family.

This evening at 5:00, we will continue our Life Classes. It is not too late to join one of these classes. I cannot say enough about how either one of these classes can challenge your thinking and help shape your life into the image of Christ. We had over forty adults last week in these classes, so join one of the classes and do as Paul challenged Timothy: "Discipline yourself unto godliness."

The older I get and the longer I am on life's journey, the more I realize that everything in the Christian life hinges on the way we respond to the Word of God in our life. The Word was at the heart of the ministry of Jesus. As Jesus challenged people to follow Him, they could obey and enjoy the grace that was poured out on them, or they could neglect and disobey and suffer the consequences of life without the wisdom of God. With that said, I want to bring to light something that I have noticed that is deeply disturbing in our fellowship. With the coming of personal electronic devices, I have noticed that people are bringing their personal Bibles less and less to Sunday School and Worship. Now please hear me loud and clear, if you have the Bible on your personal electronic device, great! This message is not for you. When we have Sunday School and Worship, we are studying the Scriptures. So, I need to have a copy of God's Word with me so that I can follow along with the reading of God's Word, develop Bible skills by using my Bible, and check out what is being said to make sure that the pastor is in the Word. This may not be disturbing to some, but, as a pastor, this is a vital issue to me because my fear is that we are losing the art of being able to use the Bible. The Bible is the sword of the Lord. And it is part of our spiritual equipment. When we go into battle, we need to have the Word in us and on us in order to deal with the enemy. Please give that some consideration as you think about walking with the Lord.

Grace and peace from our Lord! May He keep us from falling and empower us for every good work.
